English Parliament Prorogued by King George

**SPEECH FROM
THRONES IS

Peers and Commons
Cheer Sovereign's
Words.

LONDON, Sept. 18, 12:40 p. m.—Enthusiasm unusual in the said legislative chambers of Westminster Palace was displayed today when the two houses of parliament were prorogued until October 27. While King George was absent inspecting the troops, his speech was read in the House of Lords by Viscount Haldane, the lord high chancellor, and in the House of Commons by John H. Whitely, the deputy speaker.

When the announcement was made in the House of Lords that the royal assent had been given to the Irish home rule and the Welsh church disestablishment suspensory bills and to a number of emergency measures, cheers were given for the passing of the Irish and the Welsh bills.

On the announcement of the passing of the Irish home rule bill in the House of Commons the Nationalists and Liberals broke into loud cheers, which were repeated again and again.

ANTHEM IS SUNG.

Will Crooks, the Labor leader, asked if it was in order to sing "God Save the King." In answer to his permission he started the first verse himself and then broke down with emotion. The anthem was taken up by the spectators in the gallery as well as by the members and the singing was heard in the palace yard.

In his speech from the throne proroguing Parliament, King George spoke as follows:

"My lords and gentlemen: I address you in circumstances that call for action rather than for speech. After every endeavor had been made by my government to preserve the peace of the world I was compelled, in the assertion of treaty obligations deliberately set at naught and for the protection of the public law of Europe and the vital interests of my empire, to go to war.

EMPIRE'S LOYALTY.

"My navy and my army have with unceasing vigilance, courage and skill, sustained in association with our gallant and faithful allies, a just and righteous cause. From every part of my empire there has been a spontaneous and enthusiastic rally to our common flag.

"Gentlemen of the House of Commons, I thank you for the liberality with which you have met a great emergency. My lords and gentlemen, we are fighting for a worthy purpose and we will not lay down our arms until that purpose has been fully achieved.

"I rely with confidence on the loyal and united efforts of all my subjects and I pray that Almighty God may give us his blessing."

HOW BATTLE WENT TODAY

By Associated Press.

An official statement issued at Berlin says that the battle between the Oise and Meuse rivers continues with sure indications that the allies are falling back. It is declared that the French attempt to cut through the German right wing failed and a sortie from Verdun on the right bank of the Meuse was repulsed. The German army is said to be advancing slowly but surely.

This statement evidently was issued late yesterday as the substance of it was received in this country under date of September 17.

Serbian reports are to the effect that their successes continue. The German successes in driving the Russian invaders from East Prussia, are reported pushing their way into Russian Poland. The Austrian armies, following their disastrous clash with the Russians in Galicia, are believed to be attempting to reform at Graz, Austrian province of Bosnia.

**CROWN PRINCE ASKS
FOR UNDERWEAR AND
SOX FOR SOLDIERS**

By Associated Press.

BERLIN (via Rotterdam), Sept. 17 (via London, Sept. 18).—Crown Prince Frederick William today telegraphed to the Zeitung Am Mittag as follows:

"Please collect and forward as early as possible woolen underwear and socks for my soldiers. Greetings.

"(Signed)
"WILHELM, Crown Prince."

It was only a few days ago that the crown prince, who evidently has the sort of his soldiers always in mind, telegraphed to Berlin newspaper asking it to collect and forward tobacco and cigars for his soldiers.

**MIND BLANK,
HE HOLDS
TO DUTY**

SAN FRANCISCO, Sept. 18.—A strange instance of the automatic operation of the human body after the brain has ceased to be in command was revealed today when it was learned that Robert H. Given, a motorman on the Sutter street line of the United Railroads, had operated his car from Laguna street to the ferry in total unconsciousness. The distance, something over two miles, was negotiated by the car in clock-work fashion, all of the stops being made and not a single accident occurring, and yet Given's mind for the entire distance, and indeed for hours afterward, was a complete blank.

Today darkness, it is maintained by the detectives, seized him when he was struck on the head by a passenger, and when his condition was discovered by an inspector at the ferry he was dazed and helpless and for several hours remained in a comatose condition.

ARREST SUSPECT.

The details of the remarkable performance of Given were kept a close secret by the police until they had brought about the arrest of his alleged assailant. This morning Detectives Maloney and De La Guerra arrested John Charles Miles, a clerk, and booked him on a battery charge. According to the information furnished by the United Railroads, Given had a dispute with Miles when his car was bound to the ferry from Fillmore street. The trouble started over the pulling of the bell cord, and Miles is alleged to have struck the motorman.

From that moment Given's mind became blank and he remembers nothing more until he awoke in a hospital. The trip to the ferry, the answering of the bell cord, the stopping at car crossings and the negotiating of five blocks on crowded Market street, were made without a misgiving. Given is being treated by Dr. C. P. Thompson of the United Railroads staff.

Search for Young Burney Unearths a Tragedy

VALLEJO, Sept. 18.—Following a search extending over a week, in which the officials of the institution scoured the hills about Vallejo, the body of Roy Burney, an 8-year-old inmate of the Good Templars' Orphan's Home, was found yesterday in the rafters of the institution. The officers of the home declare it to be their belief that the boy deliberately crawled into the rafters and starved himself to death. The authorities are investigating. The boy had evidently been dead for more than a week, and the body was in such a condition that an autopsy was deemed impossible.

The body was found by Superintendent Neal of the institution and his assistants. At the time the boy was reported missing they started a search about the hills, thinking that the child had run away. It was only yesterday that the search in the hills was given up.

According to Superintendent Neal, the boy had been in poor health for some time, and had for some time prior to his disappearance been sulky and ill contented with methods of discipline in the home. Following the boy's disappearance, a portion of his clothing, including overalls and underwear, were found piled before a window of his room.

The boy, declare officials of the home, had not acted strangely, so far as they had noticed, and they are at a loss to explain the matter. He is survived by a mother living in Chicago. His father died several years ago. The boy had lived in the home since last Christmas.

The institution is one of the largest in the state, and contains 70 children. The boy's death is being looked into by the coroner's office, and an investigation is being conducted by officials of the institution in an endeavor to cast further light on the matter.

NEW YORK, Sept. 18.—Colonel Golewinski, military attaché of the Russian Embassy, today gave out at the Russian consulate here the following official dispatch which he said he had received from Petrograd:

"Along the whole of the front our pursuit of the Austrian rear guard is being successfully continued. We have taken Sandomir (in Russian Poland 51 miles southwest of Lublin).

"The strongly fortified bridge head at Kozel'sk on the San River was taken by a dash of our leading battalions. Keeping the retreating enemy on the run this battalion crossed the bridge close on the heels of the Austrians and entering the town ahead of it and took possession of it.

"Near Jarow (in Galicia, 39 miles northeast of Przemyel) the baggage trains of the sixth and fourteenth Austrian corps, over thirty guns, five thousand prisoners and enormous artillery stores were taken.

"In East Prussia only skirmishing was reported."

At the time of the disaster the Flisgard II was being towed. Boy army officers were trained on the vessel.

The Flisgard II foundered off Portland as she was being towed by tugs through a heavy sea. Forty-four of the crew were rescued by the tugs.

**Administrators Asked
for German's Property**

By Associated Press.

PARIS, Sept. 18.—There has been some speculation here as to what has become of the interests of the Germans who have left to rejoin the army possessed in houses of commerce in Paris.

Yesterday the question came before a civil court in the form of a request from Germans fighting in the ranks of the invading army for the appointment of judicial administrators to assure the direction of their affairs. These requests were referred to Judge Regnaud, but the opinion is held in legal circles that no action will be taken regarding them.

**Important Events Are
Expected in Belgium**

By Associated Press.

LONDON, Sept. 18.—The correspondent of the Daily Mail at Ostend learns that important events are expected in North Belgium in the next few days which he is not allowed to disclose. He says there is little doubt that there are three army corps, about 150,000 men, in Belgium and conversely a report which he has received that the German military authorities have advised the civil population of Liege to leave that town.

**Stringent Rules Made
to Prevent Spying**

By Associated Press.

PARIS, Sept. 18, 4:30 a. m.—Beginning today no automobiles will be allowed to leave Paris except military automobiles and ambulances and cars carrying officers and journalists bound to and from Bordeaux. It is thought this action may be due to the use of automobiles by spies.

Two cars, one black and one green, have been speeding around the outskirts of Paris, defying the challenge of sentinels. Both automobiles were driven by chauffeurs wearing French uniforms and carrying passengers in plain clothes, who, in some cases, have returned the fire directed at them by sentinels. There seems to be no doubt that the cars were used by spies to locate positions of troops in the vicinity of Paris.

Two Germans, a woman and her daughter, suspected of spying, were driven from Saint Michel Sur Orge amid the howling of the populace yesterday. Voluminous correspondence with German officers has been seized.

**Transporting French
and English Wounded**

By Associated Press.

LONDON, Sept. 18.—A Reuter dispatch from Paris says that German soldiers are passing through Nolsy-le-See.

"During the last three days 1500 German prisoners have been sent westward. Another train of German war material has arrived at Vincennes.

"Crepy-en-Valois, in the department of Oise, is among the towns most sorely tried by the German invasion. It was three times occupied by the Germans. The mayor, Dr. Chéninet, gave a great example of devotion. Although 70 years old, he was unsparring in his attention to the wounded.

**Germans Are Hanged

By Associated Press.

LONDON, Sept. 18, 2:30 p. m.—German military authorities occupying the territory around Kallin in Russian Poland, have called to the colors all the German inhabitants there between the ages of 16 and 45, according to a dispatch to Reuters Telegram Company from Petrograd. Many of the German subjects had some of these were caught and twenty were hanged.

LONDON, Sept. 18.—A despatch to the Exchange Telegraph Company from Bordeaux asserts that boys under 16 years old are fighting in the German ranks. The correspondent declares he saw one wounded in the Bordeaux hospital whose age was 15 years and 9 months, and who told him that all students over 15 years old had been mobilized and placed in different regiments.

**Japanese Present
Much Tea to Allies**

By Associated Press.

PARIS, Sept. 18.—Telegraphing from Petrograd a correspondent of the Havas agency says that Japanese merchants of the Russian capital have presented the Russian army with 100,000 pounds of tea. Two hundred thousand pounds are given to the English and French armies and 20,000 pounds to the Belgian army.

The communication follows: "The battle continued during the day of September 17th along the front of the river Oise to the Woerwe without important changes in the situation at any point.

"First, on our left wing, on the heights to the north of the river Aisne, we have made slight progress against certain points. Three offensive counter-attacks undertaken by the Germans against the English army failed. From Craonne to the Rheims we ourselves repulsed some very violent counter-attacks executed during the night. The enemy tried in vain to take the offensive against Rheims.

"Second, on the center from Rheims to the Argonne the enemy has reinforced himself by constructing important fortifications and has adopted a purely defensive attitude. To the east of the Argonne, in the Woerwe district, the situation is unchanged.

"On our right wing, in Lorraine and the Vosges, the enemy occupies positions organized on a defensive basis in the vicinity of the frontier."

GENERAL DIES ON FIELD.

By Associated Press.

LONDON, Sept. 18, 7:20 a. m.—A Bordeaux dispatch to the Exchange Telegraph Company states that the battle continues with great fierceness along the whole front. The death is announced of General Bataille, who was killed in action.

BERLIN EXPECTS VICTORY.

By Associated Press.

BERLIN, Sept. 18, via London, 12:12 p. m.—The following official announcement was made at the headquarters of the general staff the evening of September 17th:

"No decision yet has resulted in the battle between the Oise and the Meuse, but certain signs indicate that the power of resistance of the enemy is relaxing.

"The endeavor of the French troops to break through the German right wing collapsed without any great efforts on the part of our troops.

"The center of the German army is gaining ground slowly but surely.

"On the right bank of the Meuse the allies from Verdun have been easily repulsed."

"The German army is advancing slowly but surely.

"A sortie from Verdun on the right bank of the Meuse was most easily repulsed."

Another official statement issued by the German general staff says that all the German airships came up to expectations after undergoing long and dangerous flights. Some of the air craft were damaged, but now all of them have been repaired. None has been destroyed or captured by the enemy.

BELGIANS AT GERMAN REAR.

By Associated Press.

PARIS, Sept. 18, 6:24 a. m.—The great battle of Aisne continues. All that is known officially of its progress is that the Germans are yielding slightly at some points on the left. Though this fact was given out officially by the French yesterday, it evidently refers to the situation on Tuesday, since it accords with the English press statement of Wednesday. The many wounded prisoners coming in from the front indicate that the allies have made the Germans give ground, the latter leaving their wounded behind.

The army of Crown Prince Frederick William has finally turned on its pursuers at Mont Faucon, to the northwest of Verdun, encouraged, no doubt by advices of reinforcements coming from the

GERMAN ARMY IS GAINING SLOWLY, OFFICIALLY SAID

Rhine garrisons, and the line of defense is now clearly established from Noyon, sixty-seven miles northeast of Paris, to Mont Faucon.

KING ALBERT ON OFFENSIVE.

In addition to the difficulty of reorganizing the forces to withstand the attack on the new line, the Germans are no doubt troubled about their rear. The resumption of activity by the Belgians means more than that the Belgian troops have had time to rest, and no doubt there is good foundation for the many rumors that King Albert's forces have been reinforced, though from where, is only a matter of conjecture.

Some experts still think that the battle is only intended to insure the safety of the Crown Prince's army, which had great difficulty in disengaging itself from the defiles of the forest of Argonne and is not yet, according to opinion here, by any means safe. The prolonged rains also make it necessary to have more time in which to get the artillery out of the chalky mud of Northern and Eastern Champagne.

Germans and Belgians in Artillery Duel at Termonde

By Associated Press.—LONDON, Sept. 18.—Reuter's Antwerp correspondent sends the following official communication issued by the Belgian government Thursday evening:

"Wednesday evening German troops from Brussels marched against Termonde and during the night maintained a ceaseless cannonade. Today the Belgians replied and an artillery duel developed between the Germans and Belgians defending the northern outlet from the town."

"German infantry attacked at the bridge, which had been destroyed by the Belgians. They were received by a murderous fire from the Belgian machine guns and fell back in disorder."

Suggest Inquiry by 3 American Jurists

By Associated Press.—LONDON, Sept. 18.—An inquiry by American jurists into the allegations of German disregard of the rules of civilized warfare is suggested by the Weekly Spectator in its current issue.

"Undoubtedly American jurists would command most general confidence," the Spectator says. "We cannot ask President Wilson or the American government to appoint such a committee of inquiry. They would naturally be afraid of annoying the German government by so doing and of imperiling that strict neutrality which they desire to maintain in the case of the German emperor. We don't see, however, why the French, British and Belgian governments should not privately invite three American jurists of high distinction to undertake the work of discovering whether the Germans have respected and are respecting the agreement made at The Hague in 1864 and 1907, and also those rules of civilized warfare which generally are respected by belligerents, and to report whether any infringements of these conventions and these rules have taken place."

Adelina Patti Made Prisoner in Carlsbad

By Associated Press.—PARIS, Sept. 18, 5:03 a. m.—Adelina Patti arrived in Paris yesterday after being kept several weeks, together with her husband, a prisoner of war at Carlsbad, where she was finally obliged to leave all her male domestics as hostages to the gain of her own liberty. This was obtained only after laborious negotiations, and in the meantime the count and countess were subjected to insults by the people besieging the hotel in which they were kept under guard.

Women of All Nations Make Peace Appeal

WASHINGTON, Sept. 18.—President Wilson today received an appeal from women of all nations that he lead a movement and the European war. It was carried to the White House by Mrs. Rosika Schwimmer of Hungary, secretary of the International Suffrage Alliance.

President Wilson was requested by a delegation representing the general conference of friends to initiate plans for the calling of a meeting of the nations for the formation of a world parliament for settlement of the war.

By Associated Press.—ROME, Sept. 18.—Dispatches received here from Montenegro declare that the cold is so intense in the mountains of Bosnia and Herzegovina that the Montenegrin troops march during the night at low altitudes and rest during the day. They are reported to be gradually approaching Sarajevo, Bosnia, and Mostar, capital of Herzegovina, 47 miles southwest of Sarajevo.

The injured are: Winfield Mills, Richmond, possibly fractured hip and internal injuries. D. S. Banhart, 216 Twelfth street, Richmond, possible internal injuries. Sydney Mussenden, colored, slightly hurt.

The front of the car was smashed in and Motorman De Long escaped death by a miracle.

LOVELAND HEARS WATER RATE CASE

Hayward's Mayor and Counsel Appear Before Railroad Commission.

SAN FRANCISCO, Sept. 18.—Mayor Meyer of Hayward and Attorney Frank Mitchell, counsel for the board of trustees of that city, were among the interested parties who appeared before the Railroad Commission today in connection with the fixing of rates of water in the community. Several propositions were before Commissioner Loveland for decision. The San Francisco Water Company now operating in the town desires to sell its system to the Hayward Water Company. The latter corporation is asking for permission to sell stock to the value of \$148,000. The municipality having turned over the control of its public utilities to the Railroad Commission, the latter must sanction the sale of the water company, the issuance of stock and agree on the new rate to be charged. At the hearing today the water company, represented by Attorney Oscar Sutro, placed the valuation at \$1000 an acre on a large acreage which it owns. There was some question as to the land values, and it is clear that certain data might be supplied. Commissioner Loveland adjourned the hearing at noon until some future date.

Nevada Bonanza King Arrives in Oakland

"Diamond Field Jack" Davis, noted Nevada miner, famed as one of the early frontiersmen and bonanza kings, arrived in Oakland last night. Davis, who in his youth made and lost millions in the mines and gambling houses of the early California and Nevada mining towns, and was one of the central figures in the beginning of Goldfield, was noted as a fighter and prospector. He was the man who, during the mining strike, when the entire town was in terror, strapped two "six-shooters" to his hip and rode about the principal streets, distributing anti-strike literature. He arrived last night at the Hotel Metropole from Fresno, and plans a stay of several days in Oakland. Today he visited San Francisco. Davis is well known in Oakland, where he has been a visitor on several occasions.

Exchange Discussed With Reserve Board

WASHINGTON, Sept. 18.—Exchange was discussed again today at a conference between the federal reserve board, A. N. Wiggin, president of the New York Clearing House Association, James E. Forgan, chairman of the recently appointed bankers' committee on foreign exchange and Benjamin Strong Jr. The foreign committee recommended a \$150,000,000 gold pool raised by national banks in the United States, and the national European obligations. A syndicate of New York banks, however, has agreed to take care of \$50,000,000 worth of the total and the meeting today resulted from a desire on the part of members of the reserve board to learn whether the bankers now believe the formation of any gold pool was necessary.

U. S. Army Applicant Arrested by Police

Just as he was being measured for one of Uncle Sam's uniforms, Fred Williams, a colored man residing in West Oakland, was arrested in San Francisco by Detective Arty today and charged with petty larceny. He is accused by D. E. Richardson, head porter at the Pup cafe, of taking \$11 from the cash register this morning. Williams had been left for the day bartender. Richardson informed the police that Williams had enlisted and was to sail for the Philippines next week. On this information he was caught.

PRESIDENT REBUKES SLIGHT OF HIS NEUTRALITY APPEAL

By Associated Press.

WASHINGTON, Sept. 18.—President Wilson today declined to receive Horace L. Brand of Chicago, who came to present messages from several German-American organizations protesting against the charges of atrocities made by the Belgian commission against the German army. The President is understood to be deeply disappointed over what he feels is disregard of his neutrality statement. He is determined to check, as far as possible, continued efforts of natives of European countries living in America to take sides on the question. He does not believe such citizens should publicly take sides.

Belgian Woman Will Appeal to America

By Associated Press.

NEW YORK, Sept. 18.—Madame Vandervelde, wife of the Belgian Minister of State, reached New York today aboard the Orele with an appeal to the men and women of America for aid for the people of Belgium, whose homes have been laid waste by war. She issued the following statement: "A few hours before she left Antwerp, King Albert of Belgium sent his secretary to Mme Vandervelde to wish her good luck and to tell her that the King approves her intention of appealing for help for the Belgian refugees to the people of America. She brings with her a letter from Queen Elizabeth, in which the Queen approves of her mission. "Madame Vandervelde implores the American people to help Belgium to re-

build, houses, farms, money and the tools with which they got their daily bread. Thousands are even without clothing and have become wanderers and outcasts at the gates of the earth. "Madame Vandervelde wishes to tell the American people what she has seen herself, the stream of refugees leaving Antwerp, the bombardment, the midnight raids of the Zeppelins and the story of the burning of Louvain. She wishes to tell them also of the sublime courage of the Belgian people. "A few hours before she left Antwerp, King Albert of Belgium sent his secretary to Mme Vandervelde to wish her good luck and to tell her that the King approves her intention of appealing for help for the Belgian refugees to the people of America. She brings with her a letter from Queen Elizabeth, in which the Queen approves of her mission. "Madame Vandervelde implores the American people to help Belgium to re-

patriate all these people, to start them again in life in new homes. Their sufferings are unusually terrible. Their husbands and sons have been killed in the war. "Is it not right and fitting that those who can help should do so at this moment? Madame Vandervelde is convinced that her cry for help will be heard, that it is not in vain that she is appealing to the American people."

Announcement

There is a rumor abroad that the HOGAN LUMBER COMPANY is about to be sold and that Hugh Hogan and T. P. Hogan are to retire. It is true there was some indication for this as an English concern wishing to locate on San Francisco bay secured an option on the issued capital stock of the Hogan Lumber Company. Arrangements could not be completed, however, and as that option has expired, we have reconsidered the matter of a sale and have decided to remain in business in Oakland, where we have been for twenty-five years and expect to be for another twenty-five. We trust that our old customers will remain with us, unafraid of rumors of sale or otherwise, being assured of the same class of service they have always received, which service we will not only maintain but improve. The Hogan Lumber Company is not for sale to anyone for any price.

"Yes, I Recommend Duffy's Always"

because for more than fifty years it has been recognized as one of the greatest tonic-stimulants known to science. That's what many conscientious dealers will tell you; there's a reason.

Duffy's Pure Malt Whiskey

is made from clean, selected grain, thoroughly malted and processed in such a manner as to remove so far as possible all injurious elements, thus insuring absolute purity. Duffy's Pure Malt Whiskey is used in hospitals; prescribed and endorsed by many physicians because of its rare medicinal value.

Always be sure to get Duffy's—don't merely ask for it—insist on getting it. You can easily tell the genuine. See that the seal over the cork is unbroken—that our name and monogram are blown in the bottle—that our label bears our trade-mark of the "Old Chemist" and the signature of the Company.

Sold in sealed bottles only by most druggists, grocers and dealers, \$1.00. "Get Duffy's and Keep Well."

POLICE ASKED TO SEEK TWO MISSING KOUTHS

The police have been asked to search for two missing boys who are believed to have run away from home. Canice Lator, 16 years of age, received his pay check from the Union Gas Engine Company Tuesday, and told some of the men that as he worked for the money he thought he should be allowed to keep it. He failed to return to his home, 1824 Myrtle street, and his mother has asked the police to find him.

J. R. Ahrendt, 1444 Twenty-third avenue, has also run away. It is thought he has been missing two weeks. The boy is 12 years of age and has run away from home before. He worked for a local news agent.

HORSE INJURES HOSTLER.

John Ledine, a hostler with Lucille Muhlall at the Pantages theater, sustained a lacerated wound and a fracture of the right foot yesterday afternoon when one of the horses used in the Wild West Show stepped on his foot. He was rushed to the Receiving hospital where his foot was dressed by Steward Frank Davidson.

Doctor Recommended Warner's

"I have great faith in your remedy," writes a mother, Mrs. Mary C. West, had a bad case of kidney trouble. She was in bed one year. Three doctors attended her, and after a course of treatment they told her husband she could not live five hours, as one of her kidneys was gone. Then he called an old doctor who had previously attended her. He told her that all he knew to do was to try Warner's Safe Kidney and Liver Remedy, and if this remedy did not do her any good, nothing would. So she started to take Warner's and in less than three weeks she was on her feet again and she was thoroughly cured by your remedy."

Mrs. George Armstrong, Lynn, Mass.

The experience of thirty-five years has demonstrated the fact that Warner's acts specifically upon the kidney and liver in such a manner that it establishes a healthy condition of these vital organs. It is sold by all druggists in 50c and \$1.00 boxes, or by mail for \$2.00. Free sample if you address Warner's Safe Remedies Co., Dept. 363, Rochester, N. Y.

AVIATOR'S WIDOW TO BRING BODY

Mrs. Irene Cooke Leaves for Pueblo for Young Aero-naut's Remains.

The body of Weldon Cooke, the young aviator who was killed last Wednesday while making a flight in Pueblo, Colo., will be brought to Oakland by his widow, Mrs. Irene Cooke, who left for Pueblo yesterday. No arrangements for his funeral will be made until word is received from Mrs. Cooke, who is grief-stricken over the accident.

Mrs. Cooke, who is a supervisor of music in the grammar schools of San Anselmo, was teaching at the time the news of his death was revealed to her. During the past year she has been engaged as a music teacher in that city.

Weldon Cooke's engagement in Pueblo started on September 14 and it was to have continued until September 17, but the fatality ended the trip and his return on September 18. He left Oakland last July for Chicago, where he also gave marvelous flights which bewildered thousands of Chicagoans.

The ambition of Weldon Cooke was to prove to the Oakland and San Francisco business men that passengers could be conveyed across the bay in aeroplanes and that the aviation scheme would be a commercial success. He planned to pilot the people in aeroplanes from Oakland to the foot of Mission street, San Francisco, in 1915. The idea was original and awakened much interest in aeronautical life, but Cooke would not use a certain machine which was advocated by the merchants and for that reason his plans did not carry.

The deceased was married seven years ago in San Jose. He was born in Lockeford, San Joaquin county, 20 years ago and had lived the greater part of his life in California. Weldon Cooke resided with his parents in this city. While he was preparing for his flight he rested here. Both Mr. and Mrs. Cooke made their home here for a number of years.

TURFMAN'S ESTATE IS \$15,000,000

James B. Haggin Leaves Vast Fortune to New York Relatives.

NEW YORK, Sept. 18.—James B. Haggin, mine owner and horseman, who died recently, left an estate estimated at \$15,000,000, according to a statement issued by attorneys yesterday who filed the will for probate.

For the most part, the property consists of mines in South Dakota and Peru, and in real estate. The testator's interest in horses was an amusement, not a business enterprise, according to the lawyer.

Bequests include \$50,000 each to Mrs. Thomas J. Reed, at Stockton, sister, and Laura E. Amaden, at Versailles, Ky., sister-in-law, and \$25,000 each to Mrs. Abner C. Hunter of Woodford county, Kentucky, and Mrs. Isham Bailey of Versailles, sisters-in-law.

WHY NOT PUBLISH IT?

When you want a fact to become generally known the right way is to publish it. Mrs. Josephine Perkins, 1443 San Pablo Ave., was troubled with belching, sour stomach and frequent headaches. She writes, "I feel it my duty to tell others what Chamberlain's Tablets have done for me. They have helped me digest and regulated my bowels. Since using them I have been entirely well." TENDERED SURPRISE ON TWENTY-FIRST BIRTHDAY

The twenty-first birthday of Albert W. Hennings was celebrated last night at the home of his parents, Mr. and Mrs. Albert W. Hennings Sr., 1902 Elbert street.

The recipient of the honor was prepared to go uptown to the theater when the door bell rang and upon opening it thirty friends in mass formation stormed the hallway. Completely overcome the young man capitulated.

Of course, the commander in chief of the Hennings home had connived with the attacking army and soon the spacious parlors were cleared and dancing was indulged in until midnight, when supper was served.

Among those present were Mr. and Mrs. E. W. King, Mr. and Mrs. L. Whitcomb, Mr. and Mrs. A. W. WASHINGTON, Sept. 18.—Announcement was made in the Interior Department today that Secretary Lane had signed orders opening to settlement and entry under the enlarged homestead act approximately 3,600,000 acres of land in California, New Mexico, Colorado and Washington. The lands are distributed as follows:

Seven hundred and fifty thousand acres in California, lying in San Bernardino, Kern, Modoc and Lassen counties; 2,500,000 acres in New Mexico, principally in San Miguel, Union, Chavez, Luna and Guadalupe counties; 100,000 acres in Colorado, the greater portion being in Routt and Rio Blanco counties, and 250,000 acres in Washington, the greater portion of which lies in Yakima, Kittitas and Grant counties, north and east of North Yakima, and small portions of which are in Okanogan, Ferry and Douglas counties.

SUSTAINS INJURIES.

H. P. Crafts, a merchant residing at 1905 Chestnut street, while stopping from the sidewalk at Second and Washington streets yesterday afternoon, gave his ankle a painful twist. He was taken to the Receiving Hospital by J. Pedgulf, where it was found that he had sustained a rupture of the ligaments of the left ankle and a probable fracture. Dr. Dowdle treated the injured man.

TAX ON DRY WINE TO BE INCREASED

House Ways and Means Committee Decides on Advance to 14 Cents.

WASHINGTON, Sept. 18.—The House ways and means committee decided today to increase the tax on dry wines to 14 cents a gallon today, the argument being that the original proposal of 12 cents was too low as compared with a tax of 20 cents on sweet wines.

More protests were lodged today against the proposed tax on domestic wines in the war revenue bill.

Chairman Underwood announced there was a disposition to change the plan of taxing sweet wines 20 cents a gallon.

Representatives of California wine growers are in Washington, but so far have not had a formal hearing.

NO LETTER FROM HUBBY. WIFE GOES TO POLICE

The police have been asked to locate Edward Morris, a traveling salesman, by Mrs. Morris, 1017 Castro street. Morris, who is generally very punctual with his correspondence, according to his wife, was due to arrive in Los Angeles several days ago, but she has waited in vain for a letter from him. Morris and his wife lived in Chicago and planned to locate in Oakland. Morris had to go to Los Angeles on business, and Mrs. Morris came by the shorter route.

BUSINESSMEN MAY END CONTROVERSY

Mayor's Threat to Stop Key Trains Causes Discussion.

BERKELEY, Sept. 18.—The Berkeley Chamber of Commerce last evening discussed Mayor Heywood's ultimatum to the Key Route system, requiring that it stop the Adeline and Shattuck trains unless it begins to do its share of the proposed street paving by October 1. Several of the directors believe that some way out of the difficulty should be found.

The suggestion received support that the chamber offer its services as intermediary in the controversy. It was decided to appoint a committee to obtain all of the available information and report at the next meeting of the directors.

H. D. Irwin, H. H. Camper and T. E. Caldwell were appointed on this committee. Up to this point Mayor Heywood had received no direct statement from the company regarding his demand, although such a statement had been furnished to the press. The mayor declared that there would be no retrocession of his demand unless the company proceeded with the work, and that he was determined the police should stop the trains in the absence of this compliance.

TRUSTEES TO NAME CITY LIBRARIAN

BERKELEY, Sept. 10.—The Board of Trustees of the Berkeley Public Library will meet Monday to choose a successor to David R. Moore, whose death occurred several months ago. It is understood that out of the original list of 20 applicants the trustees have chosen tentatively six from among them to make their final choice. These are understood to be Herman L. Stern, president of the Board of Education, Wells Drury, secretary of the Berkeley Chamber of Commerce, and Walter Brown, of Berkeley, the other three being members of the staff of the University Library, the Mechanics' Library of San Francisco and the State Library at Sacramento. These have been directed to appear before the trustees Monday night.

Will Return to Face Embezzlement Charges

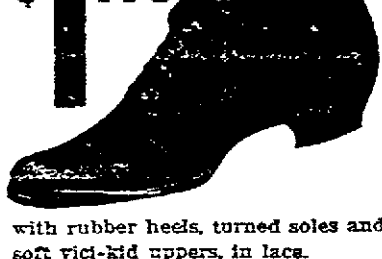

SAN FRANCISCO, Sept. 18.—By order of the United States District Court, E. E. Lewis and his son, George Lewis, formerly president and cashier respectively of the Bank of Commerce of Coweta, Okla., will return there under the care of an United States deputy marshal to face a charge of embezzlement. The two were arrested here last night and refused to talk. Today they said they had sold out their interest in the bank before they left Oklahoma and had come to California innocently to retrieve their fortunes, not to escape justice.

WHAT WOULD YOU DO? There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, "What would you do right now if you had a severe cold?" Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value. "Sfr. O. E. Sargent, Peru Ind., says 'Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it.' For sale by Usquegon Bros. Drug Stores.

DOWNTOWN ASSN. HOLDS MEETING

Votes to Hold Big Dinner Gathering on Evening of October 1.

Members of the Downtown Association in regular meeting last evening in Hotel Cretin voted to hold a dinner meeting on the evening of October 1 and a committee to make the arrangements therefor was appointed by President Taylor as follows: Lee Bertillon, chairman; Louis Aber, F. A. Braun, John Hinds Fuller and G. Meyer. At this meeting Harbor Manager W. W. Keith will be the principal speaker.

The installation of free markets by the municipality as outlined by the Alameda County Civic Association was discussed and the consensus of opinion was that to give such a scheme a fair trial would be to have the market located nearer the center of the city than at Fifty-fifth and Telegraph avenue.

A communication from the Women's Auxiliary of the South East Oakland Improvement Club regarding the location of the corporation yard south of the Eighth street bridge and asking the support of this organization in their efforts to have same removed to some other section of the city and also to appoint a committee to appear before the city council next Thursday to oppose locating the yards in that vicinity was laid upon the table. Reason of the fact that no other location was suggested.

President Montell Taylor announced the following standing committees for the present term, to serve until the second Thursday in February next:

Executive—Dr. W. F. Schwane, Churchill Taylor, Arthur E. Corder, Roy H. Read, F. A. Braun, Walter H. Henderson, C. Keyser, Louis Aber, R. Derre, Fred S. Osgood, D. Knabbe, Harry Berrovi, Harry Williams, Mahdel Goldwater, J. M. Moran.

Band, Drill Team and Drum Corps Accompany Members to Smoker.

The members of Oakland lodge of Moose, accompanied by the band, drill team and drum corps, were the guests last night of the Richmond lodge at Richmond headquarters. The visitors were given a splendid time and repaid the kindness by giving exhibition drills while the band played a number of selections. The Oakland drill team in charge of Captain C. A. Sullivan and the drum corps, headed by Captain B. Davis, have never lost a contest and their work is considered among the finest in fraternal circles. The band, under the direction of Charles D. Smith, is considered among the best amateur organizations in the bay region. The committee in charge of last night's fraternal visit consisted of Al. Moffatt, A. Vander Notten Jr. and W. E. Watkins. Oakland lodge has entered a team in the big pool tournament which opens October 1 and in which Oakland, San Francisco, Alameda and Fruitvale lodges will compete. A perpetual trophy will be given to the winner and a series of contests will be arranged. The Oakland players will be C. F. Vioich, G. W. Becker, M. H. Lange and Joseph Donohue. Much interest is being taken in the tournament and it promises to be among the most successful ever given by a fraternal order in the bay region.

DANDRUFF SOON RUINS THE HAIR

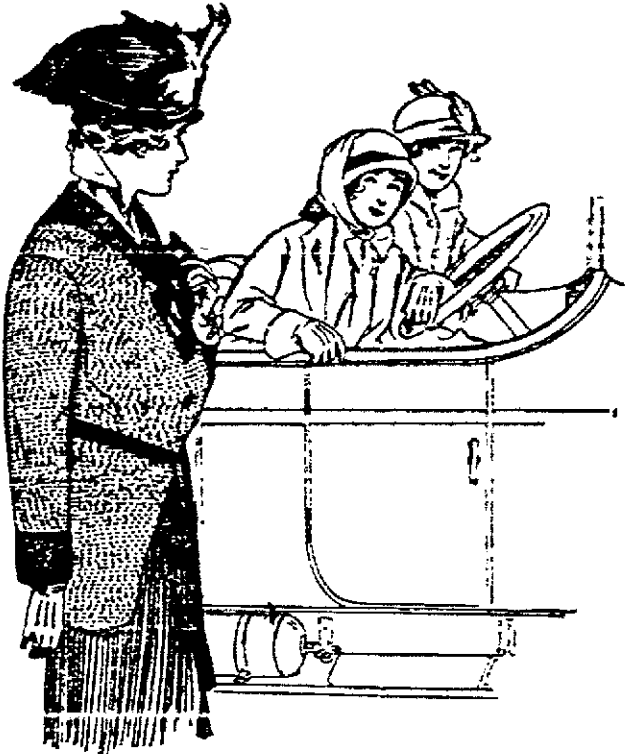

Makes It Lifeless, Dull, Dry, Brittle and Thin

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff if it will save your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger-tips.

By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will be silky, fluffy, lustrous, soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces of all you will need no matter how much dandruff you have. This simple remedy never fails.

STUDENTS SALUTE FLAG PRESENTED TO CLASS

Forty boys and girls of the low eighth grade of the Grant school saluted the American flag this morning in the history class. The flag was presented to the class by Henry C. Petray, principal of the school, who placed it on the wall of the history class. For the first time in the history of the school, the flag was saluted by the pupils in the class room. The children will salute the flag every morning when they will recite the following patriotic sentiment: "I give my head, my hand and my heart to my country. One country, one union and one flag."

Miss Hannah Stewart is the teacher of history and she presided over the patriotic exercises yesterday morning.

Preparations are now being made for an exhibit of architectural drawing to be held next term in the Grant school. The boys and girls of the seventh and eighth grades will be the exhibitors.

SHALL CONSTITUTION OF STATE BE REVISED? YES.

Assembly Concurrent Resolution No. 17 which will appear on the November election ballot provides for the calling of a convention for the revision of the state constitution. It should pass without a dissenting voice. The argument in favor of the proposition was written by W. A. Sutherland, assemblyman from the fifty-first district.

Mr. Sutherland quotes former Ambassador James Bryce, one of the most practical learned men of the age in support of the revision. In that great work by Mr. Bryce, "The American Commonwealth," this eminent student of affairs, not only of America, but of every country of the world, alludes to the constitution of the State of California as a conspicuous example of what a state constitution ought NOT to be. Mr. Sutherland recites that since 1893 the predictions of Mr. Bryce have been realized; the constitution has been so repeatedly amended in a slipshod and haphazard manner that it is now a crazy quilt of direct legislation.

When the present constitution was adopted, or rather when the constitution since amended was adopted, Dennis Kearney and his "sand lot" agitators were in the hey day of their glory. The people were fearful of the results the legislature might accomplish and as a result a new fundamental law was enacted "limiting in every possible manner the powers of the legislature and leaving it little authority except to carry out by statutes the provisions of the document." The inevitable result followed, to quote Mr. Sutherland; statutes of vast importance to the people passed by the legislature have been held unconstitutional by the courts and subsequent legislatures have found it necessary to propose amendments to cure the defects pointed out by the courts; then, in most cases, nearly two years elapsed before the people ratified the amendments and following those delays, other legislatures had to convene before statutes desired by the people three or four years before some become effective.

At every session since the adoption of the original constitution amendments have been proposed; in thirty-five years eighty-two amendments have been adopted and right now twenty-two amendments are pending for adoption or rejection.

With the initiative and referendum in the political system, and we are still quoting Mr. Sutherland, we should have a constitution imposing as few restrictions upon the legislature as possible.

While some of us may differ as to the last view, the fact remains that the constitution should be a simple and effective document, made so by the best minds the state can secure; should be free from ambiguity and unintelligibility; should be concise in statement and clear in expression and so constructed as to admit of the least possible error in framing of statutes carrying out its requirements.

The courts of the state have from time to time been excoriated and condemned for their interpretation of the laws, but it is a fact that the California courts are made up of its best judicial minds and THEY INTERPRET THE LAW AS THEY FIND IT. THE FAULT LIES NOT WITH THE COURTS FOR THEIR INTERPRETATION OF THE LAW, BUT WITH THE LAWMAKERS WHO HAVE BEFUDDLED MATTERS.

The arguments of William C. Clark against the plan for revision we do not consider at all worthy of consideration. Among them is the statement that the probable price will be one million dollars. That is something which should cut no figure although we know the figures are excessive. The saving to litigants in the courts in thirty days will equal that sum, and litigants are of the people and entitled to grave consideration. The statement that no constitution greatly improving the present one can be expected "at this time" is trivial. When will the intelligence of the people be greater? Does not the experience of thirty-five years warrant such action? Would forty years be better or fifty or fifty-five? At what time can improvement be expected? Mr. Clark's argument reminds us of the little rhythm:

The little fleas on doggie's back
Have other fleas to bite 'em.
These little fleas have other fleas
And so ad infinitum.

Why wait for fleas, or evils, to multiply, before eradicating them? Why not apply the remedy for those present and the prevention for those coming right now?

The Bull Moose appears to have shrunk to the dimensions of a chamois.

An Associated Press correspondent on the ground in Belgium denies stories of German cruelties and says the worst behavior on the part of the soldiers was kissing of pretty girls. And that's not cruelty; that's ecstasy.

If the old statement, "As goes Maine goes the union," the Progressives will not even be classed as "also rans" in the grand totals in November.

COMMERCIAL CLUB IS ACHIEVING SUCCESS.

The response made by the business men of Oakland to the campaign appeal of the Commercial Club is gratifying in the extreme. Business houses, banks, newspapers and others are rushing to subscribe for memberships and the increase already noted is something of which any city might well be proud.

In the light of the achievements by the club during its existence this success is well deserved, for as stated, its activities cover every interest in this city and in the county. It has been the agency through which at least ten millions of dollars of new money will be brought to this city, while the publicity obtained will be of inestimable value.

Not the least of the accomplishments was the fixing of headquarters of the great transcontinental road, known as the Lincoln Highway here in the natural location. The secretary of the Commercial Club is state consul for the highway. It is estimated that more than fifteen thousand automobiles will reach Oakland by this route during the year 1915 and that more than two millions of dollars will be spent in this state by these automobile parties. Oakland and Alameda county will get their full share of the money and the publicity attendant. The club has by its work aided the harbor development and has wiped out all legal obstacles to the leasing of city lands for factory sites.

It has secured the adoption of the Rees harbor plan by all the east bay cities and has induced the city authorities to adopt a practical plan for the development of the Key Route basin.

The establishment of the direct ferry service between Oakland and the exposition grounds was the direct work of the club and, as related, the value of this concession can hardly be estimated, although traffic experts of the exposition and the transportation company figure that four million persons will make this trip from the Key Route pier to the fair grounds. This means an enormous revenue to Oakland and other cities on the east bay shore, the financial returns being such as not to admit at this time of estimate.

Thirty-six conventions have been secured through the agency of the club, two of which, the National Educational Association and the World's Congress of Education, will bring at least sixty thousand persons here.

But the work of the past, magnificent though it has been, is by no means the limit. The possibilities of the future will be greater than these. By united effort this splendid organization can be made the most active agency for the upbuilding of Oakland and Alameda county ever dreamed of. There is no limit to the good it can accomplish.

THE TRIBUNE urges that every business man, large and small, take an active part in the enlargement of the Oakland Commercial Club. That every one who can possibly afford it, unite with the organization. That a spirit of co-operation prevail to the end that Oakland, the metropolis of continental California, be made the greatest city in the state. Ours are the unlimited possibilities, ours the promises of the future.

BACK ON THE OLD NEST AGAIN

KANSAS TOWN BALKS AT BATHING SUITS.

In the midst of war's alarms, Hiram Johnson's fanfaronades and other exciting didoes calculated to stir the hot blood of passionate sentiment, it is perhaps good to occasionally halt and indulge in comment on lighter things. Bathing suits, by the way, are lighter things, hence this recital.

Down in Abilene, Kansas, a state famed for its dryness as concerns liquid refreshments of hilarious character, the sober citizens have recently constructed a natatorium, or public swimming pool, dimensions forty by one hundred feet, with depth of from two to ten feet, open to all who comport themselves according to rules, designed to promote cleanliness, social intercourse of moist variety, and good health as a result of exercise.

From published reports we are led to believe that Abilene, as a city, has not been doing any bathing on a large scale prior to the completion of this public institution. At any rate so eager was the desire on the part of the public to have its collective body in the limp waters—artificially tempered to meet the requirements of the occasion without producing "goose pimples"—that the city fathers yielded to the universal demand to throw open the plunge before the bath rooms, or dressing rooms had been completed.

Abilene proceeded to bathe and bathe intensely. Ancient Populists rinsed their whiskers alongside youth and beauty and virile middle age. Boys and girls, mammas and papas, grand-pas and grand-mas splashed and sozzled around and all was joy and damp hilarity. The fair maids of Abilene were numerous among the patrons of this cleansing plant. Like all good fair maids they wore bathing suits. But lack of dressing rooms forced them to don these airy, fairy garments at home. Some of them, in fact, most of them, or all of them, at first paraded to and from the baths covered with rain coats. But at last one, more highly endowed with pulchritude than her sisters, no doubt, ventured to trip her way along the main street minus the rain coat. Her action was a signal for others of her class until finally every blushing damsel of Abilene, with any claim whatever to feminine charm joined the procession and skipped from home to bath and from bath to home with nothing on save her bathing suit, and it is declared Abilene bathing suits are at their best akin to wit, because of their brevity.

It was then the row started. A delegation of women who have long since passed the stage where embonpoint succeeds plumpness and are in the class designated by Burns:

Ye're, aibins, nae temptation"

appeared before the city commissioners with a demand that an ordinance be enacted pronto and forthwith prohibiting any one from appearing on the street in a bathing suit. To the eternal discredit of men, it should be stated that one male of the long-haired variety appeared with the delegation, the burden of his plaint being that he had actually seen one maiden hopping to her abluitions with no hose on, the sight of which had so shocked him he could scarcely express his indignation, so he couldn't.

But the council, or commission, would not act; declined to pass the ordinance and contented itself by joggling the natatorium trustees by requesting them to get a move on and complete the dressing rooms. Meanwhile the parades still go and return and a part of Abilene is reveling in joy at the living moving pictures presented at bath time, while the other has to content itself with turning up its respective noses at what is termed an indecent display. All of which goeth to show that even in such a well governed state as Kansas, where the necessity of blowing the foam off the beaker is related as negative, there are some things calculated to occasionally stimulate, if not the brain, or the body, the sense of eternal fitness.

Reports from Costa Rica are to the effect that owing to the strife across the water imports of rice from the United States will this year increase from 22 per cent to 90 per cent, which should be good news for the California growers.

Delaware county, New York, farmers agitated by automobile speeders, buried mowing machine knives in the highway with such good effect that motorists abandoned the road. Now the wayside inns are protesting loss of patronage.

The Home Rule for Ireland bill having been suspended for a year, the Ulsterites and their opponents will have no chance for a war unless they enlist for the European war.

Twenty Years Ago Today

The report of City Engineer Gray on the plans and estimated cost of a wharf at the foot of Grove street shows that the cost of the work, properly done, will be in the neighborhood of \$25,000. Of this \$10,000 will be required for the filling in of the street from Water street to the edge of the estuary, while the work of dredging for a space of 100 feet on each side of the wharf and from its end out to the channel, about 850 feet, will require about \$15,000.

Mr. and Mrs. Charles M. Rosenberg have returned from their bridal tour. They intend taking up their permanent abode in the new residence on Simpson avenue when completed.

A. W. Fattall, Cosmo Morgan and Professor F. Rickard are cruising to Redwood City on the yacht Volante.

F. M. Smith and family, of East Oakland have gone East. Mrs. Smith will seek health in the Adirondacks. Mr. Smith goes to New York on business. They will be away some months.

At last the people of this city are to have a season of "Charlie's Aunt," the farce comedy that seems to have set the world laughing. The piece will be produced at the Macdonough Theater and will run for four nights.

The Phi Delta Theta Greek letter fraternity of Berkeley will soon incorporate to erect a fraternity hall.

A lawn party for the benefit of the East Oakland Free Kindergarten was given by Mr. and Mrs. Pope of Highland Park. The program consisted of a piano solo by Miss Bertha Wall, a vocal solo by Harry Melvin, a soprano solo by Miss Morse and a reading by Miss Sylvia Chapman Martin.

DANSANT STILL RAGE; CLUB PROGRAM GROWS

Many Activities Are
on Boards for
Season

That after all somber predictions, the dansant has not lost its popularity with the local clubwomen, was a triumphant fact demonstrated at several recent club affairs. The Alameda dansant at least is not a thing of the past, judging by the madcap given some days ago by the musical and dramatic section of the Adolphian Club. Crowds came! And crowds danced! That still more dancing will ensue was prophesied by the attention with which exhibition dances introduced by Addison Fowler and his partners were studied. Intricate and swiftly changing figures, the giddy whirl, the high step, the intricate step that alternated in Fox Trot and Castle Lane Dances, New York Waltz Hysteria, Half in Half and Espanita Waltz fascinated the Adolphians, some of whom have already conquered the most subtle new movements.

Plans for the coming season, planned for the coming season, planned for the coming season will be the affair of tomorrow night given for the West Oakland Home Doll Show.

WEST OAKLAND HOME.
Tomorrow the festivities planned by the members of the Mystery Booth of the West Oakland Home will attract crowds of amusement seekers to Ebbel where the birthday tea and dance will be in progress. Each person attending is requested to bring in a small bag of pennies equaling the sum of years he has existed as an admission and a donation to a good cause.

A varied and excellent musical program for the afternoon, planned by the director of Mrs. George Rybo will include vocal solos contributed by Mrs. Rosa N. Leman, Mrs. George Faulkner and Miss Marie Grey; recitations by Mrs. Minna Gleason; solos by Clement Rowlands and George Hall; and violin numbers rendered by Miss Olive Reed. Mrs. L. Forthingham will occupy the piano.

Tea will be served during the afternoon and in the evening dancing will provide the entertainment.

WOMAN'S AUXILIARY.
Tomorrow afternoon all members of the newly organized Alameda County Woman's Auxiliary of the Panama-Pacific exposition are urged to attend to their membership cards at the Fillmore street entrance of the exposition grounds, between the hours of 11 and 2, will be granted free admission.

On Monday afternoon a meeting which all Alameda County women are urged to attend will be held at the Hotel Oakland. After a business session between 2 and 3 o'clock addresses will be made by Miss Mollie Connors and by John E. Frank, chief of the department of fine arts of the exposition. Both sessions are open to the public.

The officers of the new society are: Chairman, Mrs. A. C. Posey; vice-chairman, Mrs. Mollie Connors; secretary, Mrs. E. A. Eddard; treasurer, Mrs. William Knut.

CALIFORNIA WRITERS' CLUB.
Literary production is once more absorbing the energies of the California Writers' Club. Three of the sections have called opening meetings for the coming week. Tomorrow afternoon at 2 o'clock the drama section will hold a session at the residence of the chairman, Mrs. Woodson Allen, to resume the work cut short by summer vacation.

Plans for a collection of children's plays will be talked over and a segregation made of material which is to compose a book of original monologues and plays for the use of amateurs. This book is hoped will be a publication of the late fall.

Perhaps the most stimulating discussion of the afternoon will be on the plays in course of construction by various members. These plays are inspired by a contest arranged by Henry Bishop, manager of the Liberty Theater, who has agreed to put the winning drama on the boards. It is hoped that the native playwrights may add brilliant and unique figures to the genius of the west, as well as supplying the stage with a new creation.

Among the members of the dramatic section are: Mrs. Torrey Cooner, Mrs. Augusta Fowler, Mrs. Carl Shank, Miss Mary Lambert, Miss Ruth Farley, Miss Zoe Ackerman, Miss Florence Livingston, Mrs. Isabel Robinson, Mrs. Elsie Oswood, Miss Cockcroft, Mrs. Cotton, Mrs. P. M. Montgomery, Mrs. Hazlett, Mrs. Elizabeth Everett, Mrs. Anderson, Mrs. Penny Smith, Mrs. Arthur Weiss, Miss Margaret Burnham, Mrs. Chase, Miss Sarah Nott.

On Sunday afternoon at 3 o'clock, members of the poetry section will assemble at the home of Miss Mary Lambert, to discuss the idea of arranging a little book to be published before the exposition, of verses by poets of the California Writers' Club. "West Wind," the book of short stories by members of the club, is fresh from the publishers. Among the authors contributing are several famous as California literary lights—Jack London, George Sterling, Miss Ina Coolbrith and others.

TWENTIETH CENTURY CLUB.
The Shakespeare section, studying under the direction of Mrs. Genevieve Wade Hatch, met yesterday morning for the first time this season. It is the custom of the section to read and discuss together the drama chosen, afterwards investigating alloted scenes separately. At the end of the period devoted to each play an eminent critic or player will be asked to lecture on the subject of research. "The Comedy of Errors" was taken up as a prelude to the fall program.

reading of an original poem by Mrs. P. L. Ormsby. The poem which was called "Greeting to Our New President," was an enthusiastic tribute to Mrs. George Harrison, who is to preside over the Oakland Club during the coming season.

ALTA MIRA CLUB.
Tomorrow the series of gay events long planned by the Alta Mira Club for the purpose of increasing the clubhouse fund, will attract many visitors to San Leandro. The Garden Fete scheduled for the afternoon will be held on the grounds of Mrs. George Cowie, the card party following in the evening. Chairman in charge of the booths will be Candy, Mrs. S. C. Stokes; fancy work, Mrs. S. C. Barton; mystery, Miss Mary Olson; grab bag, Mrs. W. Shuhaw; coffee, Mrs. Flora Rider; ice cream, Mrs. Harcourt; program, Mrs. C. I. Best; pony cart, Mrs. S. C. Stokes. The chairman in charge of the card party is Mrs. L. B. Smith.

MANSELD CLUB.
Plans decided upon by the Mansfeld Club for the coming season embrace a series of public concerts and two meetings of the club during each month for the purpose of giving educational recitals. New officers were recently elected and a number of new members admitted. The officers are Miss Esther Hietter, president, and Miss Bessie Fuller, secretary. New members are Ruth Davies, Miss Bertha Howell, Miss May Fugan, Miss Homer Edwards and Miss Marjorie Young.

Y. W. C. A.
Over one hundred and fifty delegates to the recent Asilomar conference gathered last night to hold a banquet in the Fourteenth street cafeteria. Miss Grace Fisher presided during the evening which was an occasion of many speeches and a varied musical program contributed by Y. W. C. A. singers and the recently organized orchestra.

What We Can Do for Girls in Other Words was pointed out by Miss Allie Bentley of the field committee of the national board, while Miss Marie Brehm, the prominent social service worker who has been an honored guest at several big affairs this week, presented the other side, "What We May Stand for at Home." Miss Ida Green, general secretary of the Y. W. C. A., told "Why We're Here."

Solos were contributed by Mrs. Raymond C. Brooks, and each club sang its club song to the accompaniment of the willing orchestra. The Romans joined in a song to Kipling's "Romany" verses, and the entire Y. W. C. A. united in a chorus of "We're from Oakland," an original song by Miss Helen van Slyke.

Home of Mrs. John H.

The members of the Merritt Boating Club and their friends held an informal dance at the home of Mrs. John Hamilton Graham, Fourteenth and Elbert streets, on Wednesday night.

Mrs. Graham's son, Wilbur Henderson, the commodore of the club, who has recently returned from Manila, acted as host. This club, which is the largest of its kind in Oakland, owns about 60 fine boats.

Dancing was the order of the evening and a most enjoyable program followed, interspersed with choruses of popular songs by the young people, was held before supper was served.

Mrs. Graham, the hostess, rendered a selection and also Miss Bertha M. Clark gave several dialect recitations. The Merritt Boating Club propose for their next outing the discovery and exploration of San Leandro bay.

**RASH ON NECK
SPREAD INTO HAIR**
Nearly Whole Back of Head Covered,
Red and Scaly, Hair Thin, Itched
and Burned. Cuticura Soap and
Cuticura Ointment Healed.

P. O. Box 195, Antelope, Mont. — "My husband had a tiny red spot on the back of his neck near the edge of the hair. We did not think much about it at first and it grew every day slowly and then we thought it was ringworm. He began to treat it with medicine but it did no good. If anything it made it worse for when the medicine was applied it would smart and burn so badly that it would nearly set him crazy for a while afterward. It continued to spread until nearly the whole back of his head was covered with a bright red rash clear up into his hair. It made an awful looking place; it was red and would get scaly. His hair seemed to get thin at the time. It itched and burned from the very beginning; the itching was dreadful at times and he could hardly keep from scratching. When he did scratch it would bleed. It was dreadfully annoying."

"I told my husband I believed we could heal the rash with Cuticura Soap and Ointment and we at once got some. It had then been seven months since it first started. He used the Cuticura Soap and Ointment and it grew better right along and then disappeared and left no scar whatever." (Signed) Mrs. A. O. Fairchild, May 7, 1914.

Samples Free by Mail

WILL IRWIN DESCRIBES
SACKING OF LOUVAIN

SAN FRANCISCO, Sept. 18.—Will Irwin, the writer, once a Stanford student, has reached London after witnessing the battle of Mons and the destruction of Louvain, according to a letter received here by the Mining and Scientific Press from T. A. Rickard, the well known mining engineer, who is now in London.

This is what Rickard says of Irwin's account of the sacking of Louvain: "According to him, some boy scouts did attack the Germans, killing three officers, and this is why the old city was sacked. It appears that when ever a shot was fired from any house, the Germans killed everybody in it—men, women and children—as he came to know by going later to the house where he had lodged. This was a shocking sight. So as to drive the boys to retaliate. It makes the story more horrible, but it does not excuse the enemy's barbarity."

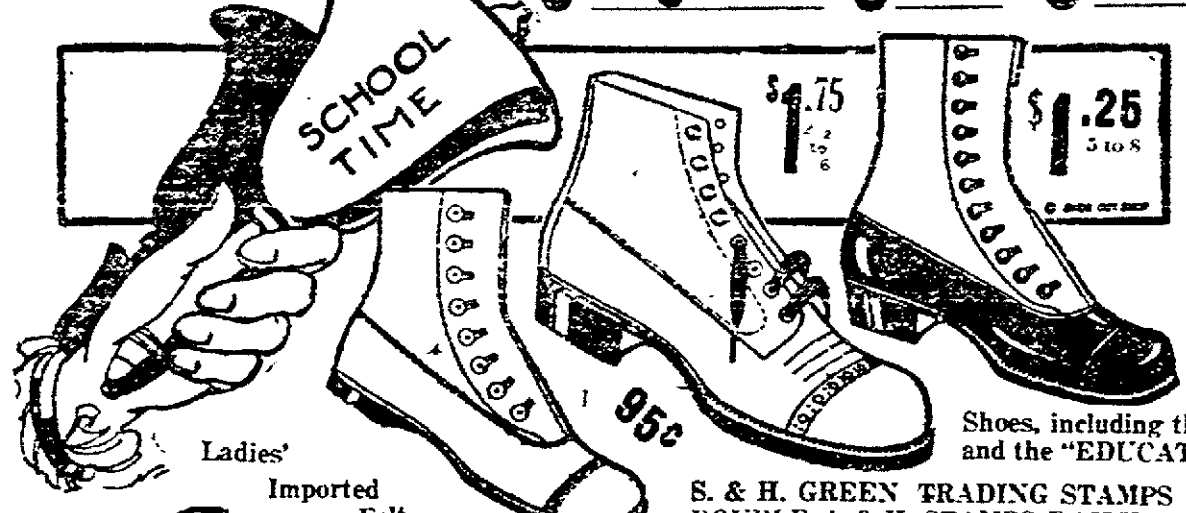

Ross and Jack Rickman, both well-known Oakland boys and athletes in their college days at Berkeley, reached London from St. Petersburg, says Rickard, by way of Archangel, where they chartered a small vessel for Vardo in Norway, and there reached a steamer for England.

T. F. Erdelt, another California mining engineer, who has been in Russia, told Rickard that he saw a battalion of Russian troops at King's Cross station on their way through England. H. W. L. Way of Colorado also said that he saw them passing in trainloads through Cambridge.

TO SEND SECOND RED CROSS SHIP
Steamer Martha Washington to be Chartered for Relief Work.

Information of a second Red Cross Relief Expedition, in which the steamer Martha Washington is to be utilized, and announcement of the plans of the American National Red Cross society for its work in Europe during the war was announced today in a telegram received from headquarters in Washington, D. C., by Charles J. O'Connor, director of the Pacific division. The telegram, which goes into details on the matter, is as follows:

"American Red Cross will do its utmost to give relief among destitute and otherwise distressed women and children and other dependents in European war territory in addition to assistance in care of sick and wounded soldiers and sailors. Money contributed for this specific purpose will be acceptable and used in that way."

"We will be glad to receive also donations of women's and children's clothing if absolutely new. Reports from New York says Austro American liner Martha Washington is available for second Red Cross European relief expedition, but funds thus far insufficient to finance. Emphasize urgency of giving peace Sunday church collections to Red Cross European war funds.—American Red Cross."

TO PLAN PAGEANT

G. L. Hutchin to Instruct the Columbus Day Celebration Performers.

The more than 200 performers who will take part in the pageants which will be the feature of the big three-day Columbus Day celebration from October 10 to 12 will be given lessons in pageantry by G. L. Hutchin, carnival expert, who is in charge. It is planned to make the program this year the most spectacular given and all those participate will be thoroughly drilled. The series of pageants depicting the remarkable achievement of Columbus from his departure in Palos, Spain, the voyage of discovery and his triumphal entry into Barcelona, will be historically correct in every detail and will prove of great educational value as well as making a panoramic picture never to be forgotten.

The three caravels, the Santa Maria, the Nina and the Pinta, in which Columbus made his historic voyage, will be re-modeled to conform with the originals. The expert knowledge of those times of Prof. Henry Morse Stephens of the University of California and other scholars will be utilized in the setting for the great outdoor drama, the costumes and other details.

Queen Isabella and Columbus, King Ferdinand, Father Ratto, ladies in waiting, sailors, workmen, heralde, peasant girls, flower girls, camp followers, Indians, courtiers and others to take part will be chosen from well known men and women.

The pageant committee is composed of George W. Austin, chairman; George E. Pickle, Victor Belter, Fred E. Reed and Comm. J. F. Fuzazi. The plans for the big parade, which will be among the features, are in charge of Capt. W. R. Thomas, Percy Walker, D. E. Watkins, Herman Gard, P. N. Hanahan, Hugh Carpenter, T. A. Wood, J. J. Watson and L. F. Moore.

Majority of Booths Reserved for Alameda County Carnival.

That the Alameda County Exhibition and Carnival will be a big success is now positively assured. All the exhibit space, save thirty booths, has been disposed of and of these thirty booths several have been reserved by exhibitors and nearly this number were added to the 122 exhibit spaces provided for in the original plan for the industrial display. The Alameda County Exhibition and Carnival will be held under the combined auspices of the civic and commercial organizations of Alameda county at Idora Park from October 3 to 18, inclusive, for the purpose of showing the people of the San Francisco bay region the products, resources and manufactures of Alameda county. It is expected that the balance of the exhibit space will be disposed of within the next day or two and the committee in charge of the event will then devote its energies to completing arrangements for the various special days which will feature the sixteen days' program.

According to announcements made by the Southern Pacific and the Oakland, Antioch and Eastern railroads special rates from all interior points will be made over the lines of these companies during the industrial exposition. The Alameda County Exhibition and Carnival will also be extensively advertised by the Southern Pacific in all nearby cities and towns.

Over 100 of the residents of Fruitvale attended last night's gathering and many suggestions were offered for the carrying out of the society's work. Supervisor W. C. Bridge suggested that municipal and county government should be explained in a series of talks.

Dr. Crosby and Grant D. Miller were among the other speakers. Officers of the society were elected as follows: President, Dr. Daniel Crosby; vice-president, Rev. Edw. A. Ross; secretary, Miss Mary Masterson; treasurer, P. H. Seiler. An executive committee was nominated and will be appointed by the president.

BENTLEY TESTIFIES TO CANNERS DEAL

SAN FRANCISCO, Sept. 18.—Investigation of the American Can Company was continued yesterday, testimony being taken to show the methods it had employed in setting control of the western field. R. J. Bentley of the California Fruit Canners, said that following his company's abandonment of a project to make its own cans it signed an exclusive contract with the American by which it got its cans cheaper than other smaller competitors.

John G. M. Barnes and Richard Stringham, canners of Utah, testified that the American company had put in a factory there after it had earned seven years exclusive contracts from all the canners in the State. In defense of this it was testified that the Utah canners had sought this action on the part of the can company.

Further testimony was taken to show the conditions under which the Union Can Company and the Great Western Company went out of business in this territory. Bentley said that his company had secured a lease of the Union Company, which it turned over to the American. The Great Western, it was testified, was sold to stop work and prevent a lawsuit.

ST. LAWRENCE RIVER SCENE OF FATAL CRASH

Canadian Liner Montmagny Sinks With Members of Crew.

QUEBEC, Sept. 18.—The Black Diamond collier Laign rammed and sank the government steamer Montmagny early this morning during a fog on the St. Lawrence river. Fourteen persons, members of the Montmagny's crew and of families of two lighthouse keepers aboard the Montmagny, lost their lives.

Second Officer Le Chance, of the Montmagny, was among those who perished. He died with two children in his arms in a heroic but unsuccessful attempt to rescue them.

Survivors were picked up by the steam collier Potana and taken to Grosse Island. The government boat Alice was ordered to bring them from Grosse Island to Quebec.

The Montmagny was on her way from Quebec to the Gulf of St. Lawrence and the Straits of Belle Isle N. F. She had aboard a cargo of coal and provisions for wireless stations along the coast.

Although the Montmagny was not a passenger vessel she was utilized to transport the families of the lighthouse keepers at Belle Isle and Flower Island to their stations.

Search for Daughter Leads to Jail Cell

Gray-haired and with shoulders bent from years of toil over the gold pan and miners' rocker, William Mansfield, 54 years of age, a citizen of California for 62 years, is repining in a cell in the county jail today, whither he was sentenced to spend 30 days by Police Judge Euphan of Alameda for "vagrancy."

He is the oldest prisoner behind whom the steel doors have elapsed within the recollection of the present jailers. It was with pity and reluctance that men hardened to dealing with those who have transgressed the laws, escorted him to the confined quarters and turned the heavy keys in the locks.

Feeble from an attack of an aggravating malady, he sank into the low cot of his cell and buried a grizzled head in folded arms. A trusty in the corridor, attracted to the needed services, observed his condition and found that the aged miner was suffering excruciating pain and Dr. C. E. Curtis was called to attend him.

Until recently, Mansfield lived at Julian, San Diego county. He came north in search of his daughter, Mrs. William W. Thompson, wife of a topographical engineer. His search led him to Alameda. Although he was well dressed and genteel in appearance he was "picked up" by a policeman last night. He had no money, was uncertain of the whereabouts of his friends or relatives and was charged with vagrancy.

"I was born in New York and came to California in 1852," he said. "I worked diggings for 25 years. Now I am searching for my daughter and had been in Alameda but two days. I was never in jail before and never begged, but now they call me a 'vag.'"

Then he settled back into his couch, sighing and placing a hand to his side as if to suppress the pain.

If he is a well-behaved prisoner he will be eligible to release before the expiration of the 30-day sentence.

GAGGED, TIED, ROBBED, SHOT AND THROWN INTO BAY

SAN FRANCISCO, Sept. 18.—Claiming to have been seized in a public square at 2 o'clock this morning, blindfolded, bound and gagged, Louis Soremi, a farmer of Santa Cruz, declared he was taken to Powell street wharf, robbed, shot in the head, and pitched into the bay. While his statements conflict in one particular, the police who investigated his story after he had been dragged from the water and taken to the Central Emergency Hospital have been unable to either verify or repudiate his statements.

Soremi, 28 years old, has been stopping at the Hotel Verdi, 548 Green street, since he came here two weeks ago from his ranch five miles from Santa Cruz. Last night he visited the Liberty theater, Broadway and Grant avenue and after returning to his room, started out for a walk. While crossing Washington square, located at Union, Columbus avenue and Stockton street, he declared he was suddenly attacked by two men. They seized him from behind, took two handkerchiefs from his pocket, bound one about his eyes, and stuffed the other into his mouth. Then clinging tightly to his arms and with pistols pressed against his ribs, he alleges they walked him to pier 41. There they threw him down, took \$50 from his pocket, and as he tried to fight, they fired a shot which hit him in the head inflicting a deep scalp wound. Then he says, they threw him into the bay.

CRUES FOR HELP.

It was shortly after 2 o'clock that cries were heard by John Costre, a custom house official of 118 Devisadero street, and Edward Shields, who lives at the Continental Hotel. Both men are employed on the dock.

Responding to a call for help they discovered Soremi clinging to one of the piles supporting the pier. He was bleeding freely from his wound and with difficulty was pulled to the dock. An ambulance conveyed him to the Central Emergency Hospital, where, after his wounds were dressed and he was treated for submersion, he was able to tell his story.

Detective Michael Burke interviewed P. Mangona, proprietor of the Verdi Hotel, where Soremi lives, and learned that the man had left the hotel at 8 o'clock and had not been seen to return. Soremi's statement that he had received a duplicate ticket for a prize for the Liberty theater and had placed it in his room after visiting the playhouse was, however, substantiated, the coupon being found where he said it was.

One statement by Soremi that he had been shooting craps, dropped inadvertently, led the police to think that perhaps he might have lost his money gambling and then fired the bullet himself, throwing the pistol overboard before jumping into the water. This theory has nothing to substantiate it, but no witness has so far been found who saw Soremi being led through the streets by his captors.

MAN DECOYED EIGHT LIVES TO ROBBERY BY WOMAN LOST IN WRECK

Three men brutally attacked George Hunter, 141 Fifth street, early this morning, beat him into insensibility and robbed him of \$51. The hold-up occurred at Fifth and Center streets.

Hunter was accosted by a woman, believed to have been an accomplice of the thugs, who asked a question, which he resented. He replied to her request somewhat rudely, and she cried out for help, although he had not threatened her in any way. The three white men ran up, and one of them struck him over the head with a blunt implement, knocking him to the sidewalk. Two men held him down, while the other searched him.

Hunter recovered consciousness and wandered along the street until he was found by a policeman, who had him taken to the receiving hospital. He was treated for a heavy bruise on the head and a deeply lacerated wound in the face. Two men reported to the police that they were robbed last night after drinking in Oakland saloons and cafes. Olaf Johnson, 5567 Lawton avenue, reported that as he came out of a saloon, the locality of which he was unable to give, he was seized by two men, who rifled his pockets, taking his watch and \$40 in coin. Henry Jensen, 3350 Sixty-fifth avenue, reported to Patrolman Gargadenne that he was in a cafe early this morning, and on leaving the place hired an auto which was standing in front of the cafe to take him home. There were two men with the chauffeur. When he left the machine he found he had been robbed of \$300. He was unable to explain whether this had been stolen in the cafe or while he was asleep in the auto on his way home.

BIRMINGHAM, Ala., Sept. 18.—Eight persons are reported to have been killed when Alabama Great Southern train No. 1 was wrecked early today one mile south of Livingston, Ala.

Four unidentified white men, a baby and an unidentified negro were killed outright. Engineer Jones was so badly injured that he died at Meridian, Miss., where he, with other injured, were taken on a relief train. Felix Hardin, an express messenger, is missing. Twenty persons were injured. The train left Meridian shortly after midnight, 35 minutes late. Engineer Jones was said to have been trying to make up lost time when the train of six sleepers, two day coaches and mail and baggage cars struck the Klondike switch. The engine crashed into a gondola and all but the last three sleepers were piled against a freight train.

Mrs. Josephine White, who is taking an active interest in the West Oakland Home benefit.

THIS is the story of Malcolm Whitman and the forty-pound rockcod that he held at Del Monte last week. Malcolm Whitman is one of the keenest sportsmen in the Burlingame set; or in Fifth avenue, for that matter. He is a famous tennis star, golf enthusiast, polo player, hunter and angler—principally angler. He would rather fish than eat any day, and he spent hours in a boat on Monterey bay patiently catching the fish that swim in its waters. All varieties. His catches were famous.

When Malcolm Whitman was missed from the golf course, or from afternoon causeries on the piazza, when he wasn't on the links or tennis courts, Malcolm Whitman was fishing, and admiring groups gathered to look at the shining silver sea bass and other things he would bring in. Finally he was necessary to create a sensation, so he went fishing for one and returned in triumph with a forty-pound rock cod. Yes, he had caught it in Monterey bay, alone and unaided, with a four-ounce rod. Everyone was impressed. Hadn't it been awfully hard to land forty pounds of rockcod with a four-ounce rod?

Yes, it had, Malcolm Whitman admitted. An awful fight. In the end, he said, it had been a hand-to-hand battle, or rather, hand-to-fish, and the creature had bitten him badly before it was over. It had lasted thirty-five minutes.

Someone wanted to see the marks of the rockcod's teeth and Malcolm Whitman obligingly displayed a wounded finger. Everyone was thrilled. He was the hero of the moment.

Then the story spread and skeptics appeared to spoil Malcolm Whitman's triumph. But it had been complete while it lasted.

MRS. WILSON'S DANCE. The dance given last evening by Mrs. W. I. Wilson in honor of her daughter, Miss Margaret Wilson, was an especially pretty and jolly affair for the young set.

The attractive Wilson residence in Waterworth avenue was decorated for the occasion with palms and ferns and a profusion of beautiful flowers. The spacious rooms with hardwood floors were ideal for dancing, and for supper a charming scene had been arranged in the garden. The trees were hung with colored lights and the garden was carpeted in soft, white, small tables. Mrs. Wilson was assisted in entertaining the young people by her eldest daughter, Mrs. Maurice Sullivan (Gladys Wilson) of San Francisco.

Among the guests were Miss Mary Adams, Miss Anna Barbour, Miss Doris Borman, Miss Anne Elizabeth Crowder, Miss Elsie Dietrich, Miss Eleanor Earl, Miss Juanita Gihardelli, Miss Adeline Howard, Miss Margaret Mosler, Miss Kathryn Maxwell, Miss Elmin McCarver, Miss Elsie Posey, Miss Amy Requa, Miss Alison Stone, Miss Kathryn Thomas, Miss Lorna Williamson, Miss Frances Winterburn, Miss Phyllis Winterburn, Curtis Armstrong, Robert Bowles, Harold Baumgartner, Earl Brock, Will Bliss, Rhubor Baumgartner, Gordon Boyce, Morris Clark, Edgar Dow, Malcolm Dargie, Guy Earl, Edward Fox, Edwin Griswold, Dudley Heron, Stuart Henshaw, Will Magee, Ray Mitchell, Harold Moore, Harry MacGregor, Howard Pratt, Stanley Powell, Harold Pratt, Donald Lewis, Albion Spear, Hayward Thomas, Edward Walsh, Welby Dismore, Tom Dismore.

AT MARE ISLAND. Mrs. George E. Perkins and Miss Ethel Perkins went up to Mare Island yesterday to be guests of Captain and Mrs. Alexander Mitchell for the hop at the navy yard last evening. The last hop of the season and was a gala occasion, at which a number of the younger set of San Francisco and Oakland were present. Proceeding to the dance Captain and Mrs. Mitchell gave a large dinner for their house guests and some of the navy set. It was the first formal affair at which they have since their recent arrival from the East. Mrs. Mitchell is a sister of Mrs. Perkins.

TO GIVE DINNER. Judge and Mrs. Harry Manville Wright will give a dinner for several of their San Francisco friends, Saturday evening, preceding the dramatic entertainment and dance to be given at the Thirteenth Century Club for the Children's Home Society. Judge and Mrs. Wright will not take possession of their attractive new home in Claremont Court until the middle of October. They had planned to move into it earlier, but there have been delays in its completion.

IN PARIS. Mrs. James Black, who went abroad early in the summer with Mrs. Norman Alden, is with Mrs. Miss Cook Greenfield in Paris, where Mrs. Greenfield has an attractive apartment. Their plans for returning to America are indefinite. Mrs. Black is at present in London and expects to sail for Montreal next month.

APPLE CROP WILL FEEL WAR CRISIS

Problem of Distribution Confined Mainly to Home Market Demands.

WASHINGTON, Sept. 16.—Present indications are that the commercial apple crop of the United States this year will be far in excess of that of last year, but less than that of 1912 by several million bushels, according to announcement made today by the Department of Agriculture. Department officials say the problem of distribution will be somewhat complex, owing to conditions resulting from the European war.

Attention, however, is called to the fact that in normal times Europe takes less

than 2,000,000 barrels of American apples and growers and dealers are urged to be optimistic and to make plans to dispose of the supply usually sent to Europe in other ways. It is believed that with judicious handling, the home demand may be increased and the commercial crop marketed with relatively fair success to all.

With respect to European exporters, they are urged to watch carefully the movements of ships and assure themselves of steamer space and a demand on the other side before making shipments. Shippers of apples are advised to stimulate the demand in, and increase their shipments to, Latin-America and the Orient, and it is suggested that through cooperation with the Department of Commerce extension of trade in this respect can be achieved.

COTTON REDUCTIONS SOUGHT.

AUSTIN, Texas, Sept. 15.—Representatives of Texas cotton interests at a conference here last night urged legislative action to compel a reduction of next year's cotton acreage. The proposed amendment to the Aldrich-Vreeland law to permit state banks to issue currency on non-perishable products was endorsed.

Madame Ise'bell

Will Send Copy of the Blackhead Treatment to Any Pupil Writing for it—Advice as to Scalp Skin.

MY CORRESPONDENCE.

"One of my pupils" asks for the flesh worm cure and if "flesh worms" are the cause of the skin's pimples or scaly condition of the skin.

The flesh worm treatment is a cure for the skin's pimples or scaly condition. In several lessons on the skin and its diseases, I do not wish to take the space to print it again. I have had copies made of it, however, and will be glad to send it to anyone who will send me a stamped, addressed envelope.

Flesh worms or blackheads, as they are more commonly called, are often found on a skin otherwise smooth and without blemish. They are really an accumulation of dirt in the pores of the skin and start originally from careless or improper habits of washing the face. A skin with flesh worms is more apt to attract blackheads than one of finer grain.

There is an age when girls are most careless about washing the face. Their idea of cleaning is a rub, scrub and vigorous wash with a rough face cloth, not always too clean. This process is quite as likely to rub dirt into the skin as it is to take it off, and it is dirt rubbed into the skin that turns into blackheads.

If the pores of the face are once clogged with dirt they lose much of their elasticity and it is difficult to keep blackheads from reappearing. Like many beauty ills, they are much easier to prevent than to cure.

The "rough, bumpy or scaly condition" to which my correspondent alludes, if accompanied with pimples, is acne and, if she will send me her address, I will take pleasure in sending her my lesson on acne. A rough, scaly skin will always be improved by cleaning the skin with a good cold cream or cleanser, cream in place of using soap. Such a skin is suffering from lack of nutrition and the first step in curing the condition is to provide some oil to take the place of that the skin has lost. Facial massage, improving and restoring the circulation of the capillaries, will also be of benefit.

CITY IS BROKER AND SAVES FEES

\$40,845 in Bond Redemption Is Economy Effectuated by George Gross.

A saving of \$40,845 to the city has been effected by the city acting as broker in the redemption of the bonds of the city of San Francisco. The bonds were issued in 1907 and 1908, and were due in 1914. OLD CITY DEBT.
"What we know as the old city is alone responsible for this debt, as though the city of San Francisco had not been created in 1856, these bonds would have been issued by the city of San Francisco, and the city of San Francisco would have been responsible for the redemption of the bonds. INTEREST SAVED.
"When Rollins & Sons, the purchasers of our recent issues for the completion of the auditorium and the replacing of the Cleveland Hotel, a few weeks ago that the European war had limited their market. I explained the situation to them in the belief that they might find the bonds of the city of San Francisco a valuable asset. In this we were successful, and as the bonds were taken up more interest at only 5%, the redemption was made on a 5% basis. In addition to this saving, interest coupons attached to the purchased bonds to the total value of \$35,000 have been cancelled, the total gain to the city being \$40,845. Chauncey Depew in N. Y. From War Zone

NEW YORK, Sept. 18.—Chauncey M. Depew arrived from Liverpool today on the Baltic.
"I was in Geneva when the trouble began," he said. "One morning I went to the bank and found I could get no money. I got the last train that left Switzerland for three weeks. Twenty minutes after crossing the border into France we stopped at a station. There was a sign there about two feet square calling the troops for mobilization. The station agent said the notice had been posted about 20 minutes. We picked up men joining the colors on the way to Paris until our train could hold no more.
"Whenever I stuck my head out into a corridor the soldiers would set up a cheer on seeing my side whiskers. They mistook me for an Englishman and said in French 'Long Live the Entente cordiale.'
"We stayed in Paris a week and then left for Roulogne.
"We were obliged to crowd into a coach as best we could. I sat on the running board all the way."

President to Confer With Coal Operators

WASHINGTON, Sept. 18.—The Colorado coal operators asked President Wilson today to receive them next Wednesday to discuss the tentative basis for settlement of the strike, already accepted by the miners. The President immediately wired his consent.
It is understood that the operators are not ready to accept the entire proposal and desire to offer some suggestions. The President will listen to their arguments.
TO SELECT DELEGATION.
DENVER, Sept. 18.—The selection of a delegation of Colorado coal miners to go to Washington and present arguments against certain features of the strike truce proposal decided by the federal mediation committee and endorsed by President Wilson, will be made, it is expected, at a meeting of operators to be held here tomorrow. The individual replies of the various companies are being prepared for forwarding to the President.
Opposition to various sections of the truce proposal will be conveyed, center around the provisions for re-employment of strikers and for the appointment of grievance committees and an arbitration commission.

AUSTRALIA FIRES FIRST WAR SHOT

Attempts to Prevent Escape of German Owned Vessels Caught in Port.

By Associated Press.
SYDNEY, Australia, Aug. 8.—Australia fired her first shot in the war this week to prevent the escape of German-owned vessels which were caught in Australian ports. There was a wild scamper on the part of nearly a score of German boats to get away. While the North German Lloyd steamer Seydlitz and three other German vessels—the Luneberg, Linden and Ulm—succeeded in their flight, there are upward of twelve German-owned steam and sailing vessels held as prizes of war.
They include the North German Lloyd steamers Prinz Sigismund, from Kobe, held at Brisbane; the freighter Palz, at Melbourne; the Stolzenfels, at Sydney; the Scharfels, at Adelaide, and several vessels belonging to the German Australian Steamship Company at Newcastle.
The Palz, the only German vessel at Melbourne, attempted to escape shortly before daylight August 5, but was stopped by a shot from the Queen's Cliff fort. A guard of marines was put aboard and the vessel brought back to port.
The flag of the German trading steamer Germania, from Hongkong, was pulled down by dock laborers and cut to pieces.

COMRADES SEEM BITTER ENEMIES

Sailor Taken From the Cruiser Leipzig, Convalescent, Assaults Companion.

SAN FRANCISCO, Sept. 18.—John Stecher and Paul Welchsel, sailors on the German cruiser Leipzig, who, at the door of death, were brought ashore from the vessel in the tug Active and removed to the German hospital, although comrades, are apparently bitter enemies. After passing out of the shadow and almost into the sunlight, it is claimed that the bitterness existing between them led Stecher, while convalescent, to assault Welchsel, who was still grievously ill. In consequence the former was given six months in the county jail for disturbing the peace and battery by Police Judge Crist today.
Stecher was suffering from typhoid fever and Welchsel from appendicitis. Both had almost reached Dayton Jones' locker when they were let over the side of the Leipzig and brought ashore. Stecher recovered first and, it is alleged, went into the ward where Welchsel lay and pulled him out of bed. It is claimed that the assault broke the stitches closing his wound and caused complications. Stecher was taken to the immigration station, but the officials there decided to turn him over to the police, and today he was sent to jail.

PROMOTER AND BROKER HELD ON CHECK CHARGE

SAN FRANCISCO, Sept. 18.—With the arrest this morning of Herbert V. Perry, a promoter and realty broker, the police believe a stop will be put to the passing of fictitious checks on saloons and grocery stores all over the city. Perry was arrested in his office in the Monadnock building, where he has been conducting a general brokerage business. He will be charged with violating sections 476 of the Penal Code.
Perry is specifically accused by A. C. Bush, a storekeeper of Turk and Larkin streets, who is alleged to have cashed his check for \$40. Detective Cashel, who apprehended Perry, declares, however, that the total amount of money cleaned up would reach more than \$500 and that a dozen saloons, hotels and grocery stores have been victimized.

Workmen Blown Up in Guncotton Explosion

ELIZABETHTOWN, N. J., Sept. 18.—The town of Elizabethtown was shaken this afternoon by an explosion of guncotton at the plant of the Wright Chemical Company, at Springfield, 5 miles away.
Five buildings at the plant were blown up. The ruins caught fire.

Several workmen were killed. Several thousand pounds of guncotton were stored on the premises and it was believed that it all exploded.
The loss of life was difficult to ascertain this afternoon but it was said that at least three men were missing.

The Brookfields attempted to win the game recently with Bluejackets' pitching and Land doing the receiving.

The only difference between the Major League of the Seals and Beavers and the Major League of Boston is that New York won the pennant last year.

Harry Stewart is now looking for a regular job.

Chicago is more than anxious to get the chance back and it is a cinch that they would not care which one of the three league uniforms he donned.

Why not give the Athletics the world championship again this year, then put them all, Connie included, in a glass case for preservation?

Kingland, because he feared fighting him (Abern). True enough about the fighting, but can hardly believe the Abern stuff.

Kid Herman will probably want to meet Champion Williams now, proving that the Kid cares little for himself.

Bender and James are expected to give the Kaiser and his associates a battle in the first page space in the course of a month or so.

"Local" generally receives the advance page, but never consolidates it and so the German's right wing was repulsed and the Kaiser himself has gone to Berlin late.

FLOCKING TO
CLUBThe Campaign of Commercial
Organization Beats All
Records Today.The captains and their assistants in
the Commercial Club's campaign for new
members stated today that, despite its
being Friday, it was the best day yet for
getting Oakland's business and profes-
sional men to sign applications for mem-
bership.The club has gone past the 1000 mark,
and when the campaign closes tomorrow
night it is more than probable, accord-
ing to Managing Director Joseph E. Cane,
that the original estimate of 1600 will be
far in the rear of the actual number. The
sponsors of the expansion plan expect to
get today and tomorrow, many hundreds
of subscriptions in blocks of from 5 to
25 or more, as well as single subscriptions
and the two-to-five blocks. Many big
firms in the city have signified their in-
tention of taking these blocks, and the spe-
cial committee that was appointed by
President Harmon Bell to see the heads
of the big concerns, report that their work
has been most satisfactory. They will
make a complete report soon and promise
that it will be an eye-opener in showing
the popularity of the expansion movement
among the men who have the largest in-
terest in Oakland's prosperity.One of the large subscriptions of yester-
day came from E. J. Henderson, the
real estate operator, who applied for 20
memberships, and in doing so com-
mended the club on its past achievements
and expressed confidence in its future
work of advancing Oakland's industrial
prosperity.The new plan of membership does away
with the former initiation fee of \$25 and
the monthly dues of \$5, and places the
entire cost of membership at \$25 a year,
payable quarterly. Under this plan, prac-
tically every member of the club has
agreed to take at least one year's mem-
bership in place of the time formerly held, and
many have taken five and more.LINERS ARRIVE
FROM ORIENTVentura and Manchuria With
Prominent Refugees, Race
Into Port.SAN FRANCISCO, Sept. 18.—The two
big liners, the Ventura and the Manchuria,
arrived in the stream yesterday
afternoon, after an exciting race in
which the Ventura came off victor. Both
vessels carried refugees, diplomatic corps
and prominent world travelers. The principal
passengers on board the Ventura
from Australia were Sir Ronald
Edmond, German consul-general for Aus-
tralia and all of the British possessions
in the south seas, and Dr. Bernard
Reichenstein, consul-general for Austria-
Hungary.Arriving from Japan on the liner Man-
churia was the diplomatic party in charge
of Baron Ladislaus von Muller, Austrian
ambassador to Japan, who was named
his passport immediately upon the de-
claration of war on Germany by the Jap-
anese government; Franz Hanny, military
attache to the Austrian embassy at To-
kyo; Dr. G. Speck, German consul at
Nagasaki, and Reinbach, German consul
at Singapore.According to Herr Kiliani, he was or-
dered deported so suddenly that he was
quite unprepared for his voyage, but his
request for a three weeks' stay that he
might catch a steamer for America was
granted. He stated that he was accorded
courteous treatment, and was told that
there are about 300 refugees in the
colony, 250 of whom are being held for
military duty.RECITES TRILLING EXPERIENCE.
Commissioner of the Panama-Pacific
exposition L. C. Anderson was also a
passenger on the Ventura, and recited
trilling experiences while in Sydney,
where he was arrested by the British
authorities as a German spy. He was
taking pictures in a locality which after-
wards proved to have been restricted by
the government. He was arrested,
marched between two soldiers to head-
quarters, where he was tried by court-
martial, and although released, his
camera and films were confiscated until
after the latter had been developed.Anderson, a New Zealand and Aus-
tralian, has a standing army of 25,000
pounds a day. Both of these colonies,
however, will participate in the ex-
position of 1915 and that many of the res-
idents of the south seas will take ad-
vantage of the slump in business caused
by the war to come to the fair.F. von Plettenberg, said to be a count
and holding the rank of Colonel in the
German army, was the subject of much
gossip during the voyage. It was said
that he was a close friend of the Kaiser
and was on his way to Washington for
an important conference with the Ger-
man ambassador. At Yokohama, von
Plettenberg was subjected to close scrutiny
by the Japanese police and was ques-
tioned by the chief of detectives. The
Japanese also investigated the other Aus-
trian and German passengers.There were many other titled and
prominent passengers on board the Man-
churia. The big liner remained in Hong-
kong eight days, as that city is under
martial law and the approaches to the
harbor mined. Usually this harbor cor-
dons fleets from all parts of the world,
but one man-of-war, the Wilmington,
was at anchor in the stream.CROCKER FAMILY AND
HUNTINGTONS RETURNLONDON, Sept. 18.—With her steamer
half filled, the White Star liner Adriatic
sailed for New York yesterday. Among
the notables on board the Adriatic were
Mr. and Mrs. H. E. Huntington, who in-
tend to remain in New York until Janu-
ary before proceeding to their home near
Los Angeles.Others on the Adriatic are Mrs. W.
H. Crocker, Miss Helen Crocker, Mrs. M.
C. Crocker, Master Charles Crocker of
San Francisco."From everything I heard the Panama-
Pacific International Exposition will be a
great success and will be visited not only
by a much greater number of Americans
than would have been the case had Eu-
rope offered her usual facilities for Amer-
ican tourists," said Huntington, "but also
by the very large number of Europeans
who have gone to America to escape the
hardships while the war lasts.""Altogether, therefore, I feel the whole
country can extend to California the
warmest congratulations on what prom-
ises to be the greatest year in its glori-
ous history."Take one home to

TimeBROKERS APPEAL
FOR EXEMPTIONRepublicans in Both Houses to
Oppose War Revenue
Bill.WASHINGTON, Sept. 18.—Whether
stockbrokers shall be exempted from a
special war tax of \$50 a year was up for
determination when Democrats of the
House ways and means committee re-
sumed work today on the war revenuebill. This phase of the matter was be-
fore the committee in connection with
Treasury Department estimates of reve-
nue to be raised from special and stamp
taxes to be levied.Numerous protests against the proposed
tax, which was authorized by the Demo-
cratic caucus, have been lodged with the
committee by stockbrokers. A similar
tax was levied during the Spanish-Amer-
ican war. The closing of stock exchanges
all over the country on account of the
European war, the resultant demoniza-
tion of their business and uncertainty as
to when the exchanges will reopen is the
basis of the claim of the brokers for ex-
emption. Several committee members
contend that the tax should be included
because the brokers have not closed their
offices.The outcome of tonight's conference
called by House Republicans to discuss
plans for fighting the war revenue bill
was awaited with interest in congres-
sional circles today. Preparations were
being made by Republican leaders in both
houses today for opposing the measure.Chairman Underwood and his Demo-
cratic colleagues on the ways and means
committee hoped today to complete the
draft of the revenue bill and have it
ready for debate in the House early next
week.

CHILD INJURED BY FALL.

George Grandona, a six-year-old
boy, residing at 679 Fourth street,
sustained a compound fracture of the
right leg when a fish counter in the
California Fish Company fell on him
yesterday afternoon. The lad was
playing in the market and accident-
ally tripped against one of the coun-
ters which fell on him giving him a
painful injury. He was taken to the
Emergency Hospital by his father
where the leg was set and put in
splints by Drs. Reine and Dowdle.

WOMAN SAILS FOR
FRONT AS NURSEMiss Eva Biggs Leaves Rich-
mond to Eerve
England.RICHMOND, Sept. 18.—Miss Eva Biggs,
sister of H. G. Biggs of this city, left
yesterday for London, where she will
volunteer for Red Cross service at the
front. Miss Biggs announced before leav-
ing that she would sell her London home
and donate the proceeds to the British
war relief fund. She has made liberal
contributions to the fund.WIFE ARRESTED FOR
MURDER OF HUSBAND.SAN FRANCISCO, Sept. 18.—Elizabeth
Smith, 25 years of age, formerly matron
at the city and county hospital under the
name of Mrs. O'Neill, was arrested last
night for the murder of her husband, Fred
Smith, a bricklayer, 46 years her senior.
According to the story told by Smith,
at the Central Emergency Hospital, where
he died from a wound in his abdomen,
his wife stabbed him with a kitchen knife
when he returned from his work to his
home, 222 Dura street. He declared he
found her intoxicated, with no supper pre-
pared, and upbraided her for what, he
said, had become a daily occurrence.
Mrs. Smith denies that she committed
the crime, declaring that her husband re-
turned home wounded.MRS. BRYAN ENLISTS
AMONG SUFFRAGISTS.WASHINGTON, Sept. 18.—In a signed
statement made public here today through
the congressional committee of the Na-
tional American Woman Suffrage As-
sociation, Mrs. W. J. Bryan, wife of the
Secretary of State, declares herself in
favor of woman suffrage. The statement
was made public to set at rest rumors
that Mrs. Bryan was opposed to the
movement. It is as follows:
"I have never been an anti-suffragist
nor attended any anti-meetings. I have
been a firm believer in suffrage without
a sex qualification for twenty-five years
and wish success to equal suffrage move-
ments. Our older daughter has been an
interested voter in Colorado, our younger
a member of the college league at the
Nebraska State University."SENATORS CLASH
OVER DECISIONYielding Floor to Another Col-
league Up for Final Dis-
position.WASHINGTON, Sept. 18.—The question
as to whether the senate would uphold or
reverse its decision that a senator oc-
cupying the floor could not "yield" to an-
other colleague except by unanimous con-
sent was up for final disposition today.
The issue arose yesterday in connection
with the filibuster in the senate against
the river and harbor bill. A precedent
established under a ruling made by Vice-
President Morton during a Democratic
filibuster against the Force bill of 1891,
which had been long forgotten was re-
vived to prevent opponents of the bill from
talking it to death. This parliamentary
move effectively checked the filibuster for
the time being. Morton ruled that a sen-
ator occupying the floor could not "yield"
to another except by unanimous consent.
This ruling was revived to compel Sen-
ator Kenyon who was making his fourth
days speech against the bill, to continue
his speech in order to hold the floor, in-
stead of yielding to others who opposed
the bill in order to get a brief rest. A
point of order was made and sustained
by the presiding officer. The senate then
voted to lay on the table an appeal from
the decision made by Senator Smoot. Vig-
orous protests were made against theruling, several senators denouncing it as
an effort to impose "gag rule."
A similar proposal which was made
later was up for a vote in the senate to-
day. This was on a point of order made
by Senator Sheppard, who tried to pre-
vent Senator Kenyon from yielding to
Senator Clapp. Senator Pomeroy, then
in the chair, declined to rule on the point
and announced that he would submit the
question to the senate today.OLD STUDENTS PLAN

man, Will Stevenson. The auxiliary com-
mittee consists of Miss Alice Spencer,
